

CROP PRODUCTION SHOW

January 2024

As Farming for Tomorrow enters our second year of partnership with the Saskatoon Prairieland Park, we are excited to be producing the Crop Production Show Guide again for 2024.

As a sponsor of one of Canada's premier agriculture trade shows, Farming For Tomorrow will be producing and distributing the Crop Production Show's show guide to every farm in Saskatchewan as a way to promote the show and the exhibitors that will be present.

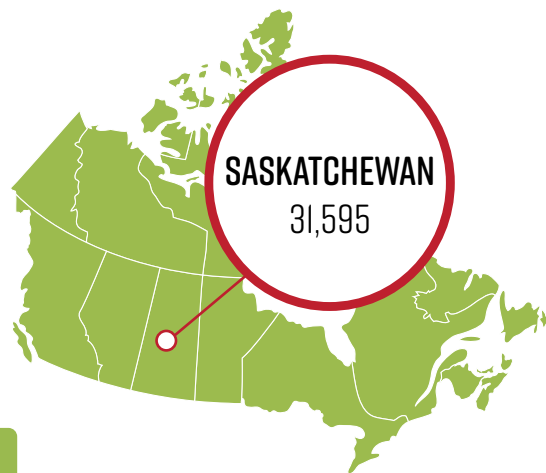

We will provide you with a platform to best showcase your brand and allow for attendees to familiarize themselves prior to their arrival. This presents you with the opportunity to share your story, promote your products or services, and make a meaningful connection with potential customers.

Why advertise?

- An Audited Distribution of 31,595 copies will be distributed to every farm in the province of Saskatchewan.
- Our readers in Saskatchewan are the stewards of 60 million acres of Land
- Make a professional connection with the attendees of the show through sharing your story with our custom editorial options available.

Our readers are stewards of over 60 million acres of land
